Commissioning

Refractories: Fire Clay & High Alumina Fire Bricks, Insulating Fire Bricks, Dense Castable, Low Cement Castable, Insulating Castable, Mouldable, Rammable, Mortar, Cement Fondu & Refractory Cements.

Ceramic Fibre: Blanket, Board, Paper, Modules, Bulk Fibre, Cloth, Tape, Rope, Yarn, Sleeves, Coatings, Cement, Hardener, S/S Studs, S/S Washers & Ceramic Cup-Locks.

Fibreglass: Round & Square Braided Rope, Tape, Ladder Tape, Cloth, Braided Sleeves & Yarn. Industrial Equipment Insulation. Silica Cloth.

Rockwool: Blanket, Board, Preformed Pipe Sections & Acoustic Insulation. Mineral Wool and White Wool also available.

Glasswool: Blanket, Board, Preformed Pipe Sections, Acoustic Insulation, Industrial Equipment Insulation.

Calcium Silicate: Slab & Preformed Pipe Sections.

Refractory Anchors: An extensive range of refractory anchors is available in various grades of heat resistant stainless steels and carbon steels.

S/S Reinforcing Fibres: Standard Melt Extract Alloys available are 446, 310, 304, 430 & 330 in Stock Lengths of 25 & 35mm.

Services: Refractory Installation, Refractory Lining Design, Heat Transfer Calculations, Installation Instructions, Heat up Schedules, Staff Training & Site Supervision.

Providing Turn-Key Heat Containment Solutions
